PROFILE

I got a Bachelor degree in Mechatronics at February 2020 from Thanlyin Technological University. In the next month, I started to work at Boxpak Myanmar Industrial as Technical Assistant. I like to change the career to IT field which is related to AI. Therefore, I quited the job after working 1 year and 3 months. And then, I start to pursue towards my dream career that is machine learning engineer. I started to attend the class which is needed to become a machine learning at September 2021. From Sep 2021 to present, I've mastered the Python, C, Flask, TensorFlow, Html, Css, Javascript and so on. Also, I passed the JLPT-N2 (Japanese).
